Datacard® EZ-ID
High-quality IDs in Minutes

The Datacard EZ-ID System puts everything you need to issue high-quality color photo ID cards in one simple, quick-deploy package.

Perfect for basic ID programs

Quickly create a custom ID program — without the high cost or complexity.

No-hassle setup

Intuitive guides make implementation a breeze for even the most non-tech-savvy. Just three easy steps:

1. **Upload your card design**
2. **Take a picture with built-in photo capture**
3. **Click "print"**

Complete solution: proven technology and expertise

Entrust Datacard created the EZ-Card program to make it easy to implement and manage an ID card program.

Proven hardware and software deliver reliable performance — and unmatched expertise is there when you need it.

Entrust Datacard™
